

Key Investor Information

This document provides you with key investor information about this fund. It is not marketing material. The information is required by law to help you understand the nature and the risks of investing in this fund. You are advised to read it so you can make an informed decision about whether to invest.

Franklin Sustainable Global Growth Fund

Class W (acc) GBP • ISIN LU0768359183 • A sub-fund of Franklin Templeton Investment Funds The management company is Franklin Templeton International Services S.à r.l.

Objectives and Investment Policy

Franklin Sustainable Global Growth Fund (the "Fund") investment objective is to seek long-term investment growth, through growth of capital.

Investment Policy

The Fund mainly invests in equities of companies of any market capitalisation (generally in companies with a market capitalisation around or greater than \$US2 billion) located anywhere in the world, including emerging markets.

Derivatives and techniques The Fund may use derivatives for reducing risks (hedging) and costs, and to generate additional income or growth (in accordance with the risk profile of the Fund).

Strategy The investment manager uses Fundamental analysis to select companies that appear to have the most attractive combination of growth, quality and valuation.

SFDR category Article 8 (promotes environmental and/or social characteristics under EU regulations). The investment manager applies a proprietary rating methodology using various ESG criteria to assess long-term opportunities and risks and favours high-performing companies on ESG factors, such as climate risk, workplace satisfaction and corporate governance. It also excludes or restricts investments in certain industries that are harmful to the environment or society, such as weapons and tobacco.

The investment manager engages in dialogue with companies concerning ESG issues. The Fund also invests significantly in sustainable investments.

For more information see https://www.franklintempleton.lu/12783

Base currency US dollar (USD).

Benchmark(s) MSCI World Index-NR. Used for performance comparison only.

The Fund is actively managed and may deviate materially from that of the benchmark(s).

Buying and selling shares

You may normally buy or sell shares on any day the New York Stock Exchange is open for business.

Intended retail investor

Investors who understand the risks of the Fund and plan to invest for at least 5 years. The Fund may appeal to investors who:

- · are looking for long-term investment growth
- · are interested in exposure to global equity markets as part of a diversified portfolio
- have a high risk profile and can tolerate significant short-term changes in the share price

Product availability The Fund is available to all investors with at least basic investment knowledge, through a wide range of distribution channels, with or without the need for advice.

Treatment of Income: The income received from the Fund's investments is accumulated with the result of increasing the value of the shares.

Risk and Reward Profile

Lower risk Potentially lower rewards

Higher risk Potentially higher rewards

What does this indicator mean and what are its limits?

This indicator is designed to provide you with a measure of the price movement of this share class based on historical behavior.

Historical data may not be a reliable indication of the future risk profile of the Fund. The category shown is not guaranteed to remain unchanged and may shift over time.

The lowest category does not mean risk free.

Why is the Fund in this specific category?

The Fund invests mainly in equity and equity-related securities of companies around the world, including emerging markets. Such securities have historically been subject to significant price movements that may

occur suddenly due to market or company-specific factors. As a result, the performance of the Fund can fluctuate significantly over relatively short time periods.

Risks materially relevant not adequately captured by the indicator:

Chinese Market risk: In addition to typical risks linked to Emerging Markets, investments in China are subject to economic, political, tax and operational risks specific to the Chinese Market. Please also refer to the prospectus for China QFII risk, Bond Connect risk and Shanghai-Hong Kong Stock Connect and Shenzhen-Hong Kong Stock Connect risk.

Emerging markets risk: the risk related to investing in countries. Less developed political economic legal and regulatory systems and that

less developed political, economic, legal and regulatory systems, and that may be impacted by political/economic instability, lack of liquidity or transparency, or safekeeping issues.

Foreign Currency risk: the risk of loss arising from exchange-rate fluctuations or due to exchange control regulations.

Liquidity risk: the risk that arises when adverse market conditions affect the ability to sell assets when necessary. Such risk may be triggered by (but not limited to) unexpected events such as environmental disasters or pandemics. Reduced liquidity may have a negative impact on the price of pandemics. Reduced liquidity may have a negative impact on the price of the assets.

For a full discussion of all the risks applicable to this Fund, please refer to the "Risk Considerations" section of the current prospectus of Franklin Templeton Investment Funds.

Charges

The charges you pay are used to pay the costs of running the Fund, including the costs of marketing and distributing it. These charges reduce the potential growth of your investment.

One-off charges taken before or after you invest	
Entry charge	Not applicable*
Exit charge	Not applicable
This is the maximum that might be taken out of your money before it is	

Charges taken from the Fund over a year

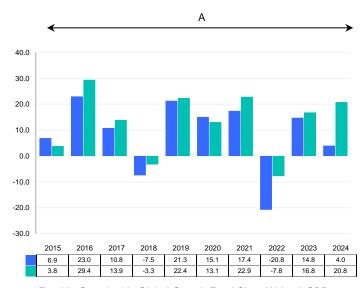

Ongoing charges 1.00% Charges taken from the Fund under certain specific conditions Performance fee Not applicable

*This share class is only available through certain financial advisers which may apply their own charges. You may find more information about charges from your financial adviser.

The ongoing charges are based on the expenses for the year ending 31 December 2024. This figure may vary from year to year.
