Franklin UK Smaller Companies Fund

Class Z (acc) • ISIN GB00B3VGKJ64 • A sub-fund of Franklin Templeton Funds
The management company is Franklin Templeton Fund Management Limited

Objectives and Investment Policy

Franklin UK Smaller Companies Fund (the "Fund") aims to increase the value of its investments by more than the return of the Numis Smaller Companies ex-Investment Trusts Index over the medium to long term (meaning 3-5 years).

The Fund invests mainly in:

- equity securities from smaller UK-listed companies that have a market value no greater than the largest company in the HGSC Index and are traded on markets regulated by a government body.

The Fund can invest to a lesser extent in:

- equity securities of smaller companies listed outside the UK

Using detailed fundamental company research the investment management

team aim to invest in a diversified portfolio of small UK companies that in their view offer the potential for attractive rates of earnings growth irrespective of economic conditions.

You may request the sale of your shares on any UK business day.

The income received from the Fund's investments is accumulated and included in the value of the shares.

For further information on the Objectives and Investment Policy of the Fund, please refer to the "Investment Objectives and Policies of the Funds" section of the current prospectus of Franklin Templeton Funds.

Terms to Understand

Equity securities: Securities that represent an ownership stake in a company.

Risk and Reward Profile

What does this indicator mean and what are its limits?

This indicator is designed to provide you with a measure of the price movement of this share class based on historical behavior.

Historical data may not be a reliable indication of the future risk profile of the Fund. The category shown is not guaranteed to remain unchanged and may shift over time.

The lowest category does not mean risk free.

As the share class has no sufficient historical data available, simulated data based on a representative portfolio model or benchmark have been used

instead.

Why is the Fund in this specific category?

The Fund invests mainly in equity securities of smaller UK companies that are no larger than the largest company in the Numis Smaller Companies ex-Investment Trusts Index. Such securities have historically been subject to price movements, sometimes to a greater extent than securities of larger UK companies, due to company-specific factors or movements in the UK equity markets generally. As a result, the performance of the Fund can fluctuate considerably over time.

Risks materially relevant not adequately captured by the indicator:

Liquidity risk: the risk that arises when adverse market conditions affect the ability to sell assets when necessary. Reduced liquidity may have a negative impact on the price of the assets.

For a full discussion of all the risks applicable to this Fund, please refer to the "Risk Factors" section of the current prospectus of Franklin Templeton Funds.
